WISSENDURST '19 – Undergraduate Medicos Research Meet

Call for Abstracts

The WISSENDURST Organizing Committee invites Research Abstracts from undergraduate medical students for presentation in the Academic Research Meet. This is an opportunity to showcase your interesting research ideas and findings amidst other students and senior researchers and scholars. It is a chance to get recognized for the research work that you have done. The following are the guidelines for abstract submission:

- Register for the conference first and use the registration ID for submission of your abstracts.
- Abstracts should be submitted in English language
- The abstracts should be typed using a word processing software preferably MS Word or Open Office word processing software.
- Your name (full name with correct spelling and initials), Institution Name, year of study, email ID for contact and names of guide and co-investigators should be provided immediately beneath the title in your abstract.
- Please limit the text to 300 words, a 12-point size of TIMES NEW ROMAN font and line spacing of 1.5.
- Use subtitles to mark the parts of the abstract:
 - Background – provide the background to the problem/issue
 - Objectives – state the purpose of the study (research question) or a hypothesis
 - Methods – methods used to address the objectives
 - Results – the results obtained in summary form
 - Conclusion – a summary of your findings which are supported by your results. Always expand abbreviations and acronyms where it occurs in the first place.
- Abstracts may be submitted in either of the following two ways:
 - Through website (preferred method): Login to your account and submit abstract using the abstract submission form.
 - Email your abstract to -----@gmail.com
- **Last date for abstract submission is 15 JULY 2019**
- All submitted abstracts will be subject to rigorous scientific review by expert faculty in the scientific committee
- The decision of acceptance of the abstracts will be communicated to the participants by **31 JULY 2019**.
- **It is the decision of the Scientific Review Committee whether the submitted abstract will be accepted as a POSTER or an ORAL paper presentation.**
- You must provide acceptance of presenting your abstract in the selected format (Poster or Oral Paper) within 2 days of receiving communication from the scientific committee through a reply email.
- The abstract may have to be revised based on comments of the scientific committee and the revised abstract **MUST** be submitted before 15 August 2019.
- The final list of abstract presentations will be published on the website by 25 August 2019.
- An abstract book will also be published containing your abstract and released during the academic meet.
